# House of Israel

## Does it Exist?

By: Gerald R. Collins

I begin this treatise on the subject of the House of Israel for others who have transverse the subject from many ways and have heard and read many things. Some of which is true and a lot, which is not.

This paper will be divided into five parts.

1. The House of Israel before they were named.
2. The House of Israel when they existed
3. When the House of Israel was "lost"
4. Where they will be identified and located
5. When they will rule the world.

You have first of all you must have interest in the biblical text for that is where the words are first introduced. If you have enough courage to go to your pastor and ask about the House of Israel, you could have received one more of the following answers.

1. They are lost and can not be found

2. That it is an identity movement
3. That the House of Israel is cult
4. That they were intermarried into the other races
5. That they are the Jews of today
6. That I don't know and I don't talk about it

By the time I finish this treatise I hope that I will be able to answer those questions and many more to open your mind to who the House of Israel is and where they are now located and are functioning as a full blown kingdom of this world.

One of the first thing that we have to assume is that God exist and that he has looked down the corridor of time and that he knows all things in advance and that he works from one having inside knowledge about the House of Israel before the foundation of the world was spoken into existence. I will assume for now that he can speak or communicate with men who are prophets and that the message about the House of Israel can be written down for us to read today. I am not say that we have to assume that God exist, What I am trying to do is prove that he does exist and is alive and well and

that he controls the destiny of peoples and nations in advance. That he does not do anything unless he first reveals it to his people what he is going to do, then he does it just the way he said he would, as he wrote history in advance through men as they were moved on by the Holy Spirit. The proving that God exist should bring the reader to the knowledge that he can be trusted and his word that we have, and can be trusted when we filter away all the traditions and tales of men. The act of trusting him will bring the reader to the realization that you can act in faith that it is going to happen just the way he said it would.

I now must venture away from the subject of the House of Israel for a page or two to define a couple of words that I will use many times and we must agree with the definitions and be on the same line together or some of the material will be confusing and not at all understood.

The first word that I want to define is the word “promise”. This is a word that is used in religious writings about the things of God. That such and so is a promise of God and you have to get a hold of it and trust God that it is true in your life and for your family. All of that is trash talk when it comes to things of God for this world and for you.

Let me give an example of this using present day people's names to bring it down to earth for you and me. The man known as Bill Gates, we will assume that he is very wealthy and what he says he will do. For we assume that he is wealthy because we have read the papers and heard it said that he does the things he does because he has the money to do them but we don't "know" that he is wealthy because we have inside information about his bank balance, all we have is hear say. Saying all of that, we have an occasion to meet the man, we have lunch together in a nice cafe, and he says to you that a year from now that he will come to your house and will bring you a new car and that it will be yours. He says that he promises to return. You and Bill Gates finish lunch he picks up the check and drives away with out giving you his personal phone number. Whether you believe it or not is irrelevant. Whether you trust him is also irrelevant. You then go about your business for the next 365 days and in most likelihood have forgotten it. On the appointed day there he is with your new car, he hands you the keys and the pink slip, and then he drives away. Nothing you could have done was going to alter whether you received the new car for it was all his work. He did not care whether you believed or faithed or trusted, he kept his word so that he could be

true to himself. The same is true for God when he makes promises and he keeps them because he is righteous and it is the one quality about himself that he protects above all others. That he alone is the dispenser of that righteousness by the act of righteousify those he chose out from those he did not chose before the foundation of the world. Therefore, when God makes a promise to someone, it is independent of all other things and he will bring it to pass without your help especially believing. However, there is yet another word and that is contract, which says that if you do this I will do that. It is a conditional contact whereby both parties have to perform to complete the contract. The promises that God makes to people of the Bible are promises, he keeps them without any help from anyone, and all else is irrelevant.

The next words are sometimes used interchangeable that is the word “test” and “temptation”. You will read in the bible of the temptations of Jesus in the wilderness by Satan. This heading tries to give the idea that Satan was the one tempting the Lord Jesus in the wilderness. Not so for Satan can tempt no one not even the Lord Jesus. Satan only has the power to set before you a test or put you in

a test. One can only be tempted of himself because of his own lust and selfish desires. The test will force you to make a decision whether to act on the test or reject it. I could at this point create many examples but I am sure that you have enough of your own to work from. I have mine and you have yours.

Now returning to the treatise let me begin by going over the ancient history about the House of Israel before they were named. I want to gather as much information that we can find from word of God to his selected contacts to which he gave much information.

In the beginning, there was God. He already knew what he was going to do, but he hid some of the details as a secret or mystery that has existed from the beginning of the world and it was not revealed until many things had taken place. The prophets of Old looked into these mysteries and they were not expound or revealed until the New Testament, long after all the prophets had died and had been buried.

Now beginning with the creation of one called Adam. The word in the Hebrew text is usually translated as red or red earth. Because of the

type of language that Hebrew is, I suggest that the word should have the meaning to blush. Hold that thought for now and we will pick it up later and insert it into the explanation of the House of Israel when we get there a little later. Going further down the road into the garden and out again we find that Cain killed Able and for that God banned him from fellowship and sent him to the land of Nod where there were other people of some sort. Then Eve gives birth to Seth, son number three. Following that birth for the next 800 years Adam begat sons and daughters and we have no record of how many children there were as his descendents. But what we do have is a genealogy of the line of Seth, the righteous line. Now the biblical text has a detailed account of the lineage down to Noah and his three sons. God now gives the details to build an ark for the salvation of the righteous line. Take note here that God saves the righteous line and all else are lost in the flood, but wait what is not said whom and of what line are the wives of the three sons from. Nothing is said of where they came from or from what lineage that they belong to. They brought something from the Antediluvian age. It will all surface in the coming eons of time revealing something of each of them.

The flood takes place just as God said it would with out any help from anyone but he did give to Noah a conditional contract that took 125 years to fulfill and that it was the building of the Ark for the salvation of his family. We do not know what would have happened if Noah had not built the Ark as he was directed.

The next big event that I want to examine is that after a year of living in the Ark. The family came out in the Mountains of Arat and Noah plants a vineyard, grows grapes, makes wine, and gets drunk. Noah passes out in his tent when his son Ham did something to him. When Noah awakes from his drunk and knew what had happened to him, he cursed his grandson that must have either been born on the Ark during the flood or shortly thereafter during the time it took to grow enough grapes to make wine. The text does not give us any insight in how Noah knew how to make wine that was good enough to drink and get drunk. Awaking from his drunk, he began to prophesy about what would happen to his grandson for all the generations that follow. He could not curse his son Ham for he was of the righteous line. The basic curse was that the descendents of Canaan would be slaves of everyone else of the righteous line. The question should now be ask

where did they go knowing that the child had been cursed and no longer a part of the family. When we research the place where they went we find the family had settled in Ethiopia, Egypt and Libya, all being in the area of North Africa and the Middle East and into the center of Africa. We find that the curse was still on them many centuries later for God through Abraham and Isaac said that the righteous line were not to marry a Canaanite, the descendents of Canaan. When Judah married a Canaanite woman, the children were so mean that God went down and killed them. Those descendents of the Canaanite were rejected by God and we will fill in more details when we get further along when searching out the history of the House of Israel before they were named. The people of that part of our study were rather prolific and produce many family lines but the only one that we follow in the biblical text is the righteous family and their encounters with the unrighteous family lines. The other family lines carry the curse of rejection from God. The penalty is death and destruction.

Returning now to the lineage of the righteous line our next name that we want to consider is Eber, because of his name. When one hears

that name in Hebrew one hears an H, which is added by the speaker. As you can see that is where the name Hebrew comes from. We move along down the line and the next and most important name being and that is the name of Abram, which God will change a little later to Abraham. I will use that name as if it was correct from the beginning. Abraham is the sixth generation from Eber and there are many people in the world. Abraham lived in Ur of the Chaldees just east of the Euphrates River, which runs for 280 miles from the north down across the desert to the Persian Gulf. Abraham lived just east of the present day city of Baghdad in Iraq. All of this territory from here to the Nile River in Egypt is Canaanite territory.

God is now beginning the building of his family that he is going to chose out from those he did not choose of all the family lines on the earth at that time and their were many to choose from. The first thing we see that God said to Abraham was a conditional promise that he was to leave his family and go to a land that he would show him. First Abraham had to leave all them then God would show him the land. The next several items are promises that are made to Abraham and the first is that, "I will make you a great nation and I will bless

you, and make your name great; and thou shall be blessed". All of this had nothing to do with Abraham doing anything at this time. God continues to make promises to Abraham, "and I will bless them that bless you and curse them that curse you; and in you shall all the families of the earth be blessed". Now to examine each of these we find that they are promises made to Abraham, which takes nothing on his part to receive. Examining the last promise that in you shall all the families of the earth be blessed. It is said that this promise is the revealing of Jesus the Anointed one and the work that he would do when he was on earth, but wait how can that be for it is a promise to all the families of the earth. Then Jesus cannot be the fulfillment of that promise for all the families of the earth are not blessed in Jesus so it must be something else to look for. Let me suggest that it will be what the House of Israel will do in the last days when they are located and revealed who they are and I will go into greater detail when we get to that section. All of these promises were made to Abraham when he was 75 years old. Abram and his family were to leave all other family members behind and travel to the land of Canaan, ".....and the Canaanite was in the land." The Lord appeared to Abraham and said unto thy seed will I give this land. This is again

another promise that is independent of the actions of Abraham. Abraham at this time was just like you and me in his actions so while traveling down to Egypt he and his wife agreed to tell a little white lie or a half true to protect himself. For Abraham was married to his half sister of his mother previous marriage. In the book of Ezekiel we find that the two of them were described, the mother was a Hittite and the father was Amorite, Ezekiel 16:45. Upon arriving in Egypt, the Egyptians beheld the woman that she was very fair. Let me suggest that she was fair skinned and blond for that was what made her to stand out from all the Egyptian women in the local market when they arrived in the land of the Canaanites known as Egyptians, She could blush and it could be seen compared to the other women. The woman was taken into Pharaoh house. What little history we have of the Hittites is that they were fair skinned and blue-eyed people.

God plagued the land of Pharaoh and his house with great plagues because of Sari, Abram's wife. God speaks to Pharaoh and warns him that she is another man's wife. Pharaoh goes out and confronts Abram, he confirms this and Abrams is reward by Pharaoh with gifts and told to leave the land of Egypt. Even though the truth was that

Sari, was his half sister and also was his wife. God did not reject him because of his actions but reward him through Pharaoh. And Abram went out of Egypt and was very rich in cattle, in silver, and in gold. Abram dwelt in the land of Canaan until he was separated from Lot his nephew then God talked with him. He now had completed the conditional promise that he was to leave his family. God began to make promises that his descendents would be as the dust of the earth even if a man could count the dust. That all the land he could see in all directions God said I will give it too you and your descendents. All of those were promises for it took nothing on Abrams part to acquire the land that he was looking at.

Abram was talking with God after God had just promise to be his shield and reward. God takes him outside and looked at the stars and God says so shall they descendent be. Abram says to God “what will you give me seeing I go childless..?” God replied that it was I that brought you out of the land of Ur of the Chaldees to give you this land to inherit. Abram then questions God and says whereby shall I know that I shall inherit it? When God gives the answer there is no way that Abram would see the proof, for God

promises that he would die and be buried with his fathers in peace before it came to pass.

God looked down the hall of time and knew that there was coming a famine of worldwide portions and that the seed of Abram was going to have need of a means of salvation. The plan was already in the mind of God of what was going to happen and he would take care of the righteous family that he was going to choose out of all the nations and all other nations were rejected. God's answer was that his descendents would be strangers in land that is not theirs and come out again in the fourth generation, 430 from now. The plan is pronounced and is executed and the beginning of the migration of the family that God was to choose was already on the move even if Abram had no children. Abram was not going to see the proof of the promise for he would die and be buried before its completion.

Sari and Abram must have had a family discussion about this promise to get all the land from the river Nile to the Euphrates River. This land had ten nations of people living on the land that God had just given to him. Sari said to Abram see I go childless for God has

restrained me from bearing therefore go in to my handmaid that I may obtain children from her. Now Sari gave her handmaid to Abram for a wife after they dwelt in the land of Canaan for ten years. Now Hagar was a Canaanite women and Abram must have jumped at the chance to produce children for Sari. She conceived and bear a son named Ishmael then Sari became jealous and dealt hardly with her. In Galatians Paul describes it as follows “throw the mother and her son out”. For this son of Hagar, Ishmael which means “God shall hear” is described by the angel of the Lord that he will be a wild man; his hand will be against every man and every man’s hand will be against him; and he shall dwell in the presence of all his brethren. It is interesting that the Angel says that he will dwell in the presence of his brethren when he as of yet has no brothers. God does not look at the present time but he see the bigger picture down the corridor of time as though time does not exist.

The name of Ishmael is going to come up over and over again as the name that represents one of the rejected family lines of Abram. We will high light those places when we come to those contact points. The family of Abram is started off on the left foot and we still do not

have a righteous family beginning as of yet. Not to let Satan change the plan of God. God comes to Abram and through Sari; a son is produced by the name of Isaac, which means laughter. Much could be said about that name. The next point to examine is when God told Abraham to go worship on the mountain that I will show you. God tells Abraham to take his **only** son. Which statement would reject all other sons past and future? God was already looking down the hall of time. Abraham begins the journey in the direction of some mountains not knowing which he will go to until later. When he arrives at the base of the mountain he tells his servant that he and the lad will go and worship and that **we** will return. He attempts to offer his only son when the Lord provides a ram caught in the brush. God always saves his righteous people by providing a means of escape. Just as we saw in the case of Noah.

Life goes on and we come to the death of Sari who is buried in a purchased tomb. Now Abraham is about 125 years old when he takes a new Canaanite wife by the name of Keturah. Abraham waste no time and produces six more sons of this wife. But when dying he passes on the birthright to his only son Isaac and to the children of

Keturah he gives gifts and sends them on their way as the unrighteous descendants of Abraham. In a detailed study of the biblical text, we will have encounter after encounter with these unrighteous descendants rising to attempt a take over from God of the land promised to the only son of Abraham.

Now Isaac goes childless until Rebecca has a discussion with Isaac that her womb is closed. She receives word that she is to bear children as the stars in the heavens. She becomes pregnant with twins and God comes to her and tells her that there are two kinds of people in your womb and the older will serve the younger. The story of the exchange of the birthright promise from the older to the younger is a story in and of itself. It is worth a detailed study to see how the Satan enters in and God's will is arrived at in the end. Suffice to say that the younger is now in control and oldest son is rejected and he becomes the head of a family line that God has hated from its very conception in the womb of Rebecca. With Esau as the head of the family that we will encounter the name many times, only to be rejected each time it tries to re-enter the righteous family line through marriage. When Esau lost his inheritance his cry was, "I will Kill Him."

That cry has been the cry of that family line until today. In the memory traces of oral history, they know that they lost the birthright to another. And they cry out today, "Is not Abraham are father also and that we are the people of God?" The answer is affirmative but rejected to death and destruction. For God hated your grandfather before he was born.

The story of the righteous son, Jacob is another study, which has many great points to ponder. All of them are just as important as the ones that I will pick out to show some of the facts about the people that are to become the people of God chosen from the foundation of the earth some 14 billions years ago now. Over the course of his work, Jacob married the daughters of his uncle Laben. Now he stayed there for 14 years to get two wives. The wives each had a handmaiden. All four women produce children for Jacob. These four women are referred to as the wives of Jacob. Of course, the children do not look or act the same for the 12 sons have four different mothers. Of the 12 children, I will only focus on the son Joseph who is the lead player in the story to be a head of the people of God. God had told Abraham that his descendents where to go to a foreign land

where they would be become slaves. Joseph was the first to go to Egypt to set the table for all to feast at when the family of Jacob was to arrive. Jacob was facing a famine and sent his others sons to Egypt to buy food. The story takes a strange twist and they find that the son who was thought to be dead was alive and ruling over all of Egypt as the second in command. It was Joseph who bought and sold the people of Egypt and moved them all around and that he owned all the cattle and would get all their possessions. The family arrives all 70 of them for the stay of 230 years. At that time that is all the people of God that there is and of the 70 all that could possible be Jewish are 6. They all are Hebrews and the people of God the only people of God. Skipping over all the many details of their stay in Egypt until the last week. We find that God told Moses to tell Pharaoh, "Let my people go...." God has now declared the Hebrews to be his people. When destructions comes upon the land for his purpose, God puts a separation between the righteous and the unrighteous and only the righteous go out unscathed and healed and in good health taking with them all the wealth of Egypt.

God destroys all of Egypt before he brings his people out and finishes off destroying the army of Pharaoh in the Red Sea. God calls Moses to the top of the Mountain of Sinai in Arabia and tells him that they are his people and he will be their God. God says that he gave the Egyptians and the Ethiopians for his people. Now the journey to the promise land is not without trouble but in the end, God destroys seven unrighteous nations before they arrive in the appointed place that had been promised long ago to Abraham. He kept his word that he had promised independent of someone accepting the promise. He did it for himself.

It was during the temporary stay in Palestine that the People of God known as "My People" were to become divided into two family groups. The larger of the two is to be known as the house of Israel and the smaller is to be known as the house of Judah. When Jacob was dying, he said to Joseph let the lads carry my name of Israel. God had renamed Jacob much earlier and now the two sons of Joseph that were born down in Egypt would carry his name. God was always referred to as the God of Israel and never as the God of Judah.

These people are unrighteous when looked at from the outside but in the eyes of God, they are his righteous people. These people learned idol worship down in Egypt and they began to show it off at the base of mount Sinai when they made a golden calf and this same idol symbol is going to appear years later revealing that they still worshipped the golden calf. The family divided into two kingly lines and one had the temple and the other, the house of Israel set up golden calves in Dan and Beersheba so that they would not have to go to Jerusalem to worship. God sent the House of Israel into Assyria for punishment for their worship of the golden calves. Later he sent the House of Judah into Babylon for 70 years because of idol worship.

The time has come for the separation of the families of the Hebrews for the house of Judah has served the prison time and it is time to go. A family council of the whole house of Israel is convened and after much discussion, it is decided that the House of Israel would go north and the House of Judah would go south to the land of Palestine. The house of Israel was to go through the headwaters of the Euphrates River to the land of the Caucasians. The trip was going to take them

18 months to pass through the narrow canyon locate in the land of Arsureth to a land where they could keep their own laws that they had never kept before. God was to destroy seven unrighteous nations before their arrival and he held back the storms that would have destroyed them while they were in the canyon, which is only one wagon wide in many places. During the 18 months, it took to make the journey there had to be at least two winters and one summer or the other choice is two summers and one winter. In either of the cases, the hand of God was involved to protect his righteous people that are known to travel by wagon and be excellent archers and horsemen. These same people educated the women and children during their travel and carried the dead with them until they got to the place that they were going. Their king traveled with them. Not all of the family decided to make the trip at this time for they were spread out through the land as roving band of marauders who worked as mercenaries for who ever paid the most. These bands assisted in the bringing down of the Babylonian empire when it was time to arise and depart the world scene. It was the house of Israel that crushed the Babylonians when the Macedonians came to power under Alexander the Great of the Macedonians. It was the Javan empire that was to

rule the world under the name of the Grecian empire. They ruled the allotted time when the House of Israel also crushed them. With the evasion of the Romans who were to rule the world empire until 436 AD. They to were conquered by the House of Israel and put out of business. The House of Israel has been crushing nations from their beginning and were to be described by the prophet Daniel as the stone that would be cut out with hands and crush all the world empires that would arise on the scene until the end. Not only would they crush the world empires, they would crush all the unrighteous nations of the world when they came against the people of God down through the centuries until the end. They would never chose dominance but to punish the unrighteous nations of the world when ever it was needed, sometimes destroying them. These people were to be God's battle-axe and war weapon just as he had promised them, that they would be in his hand. They have never been lost to God for they are his instrument in his hand to achieve what he has promised that they would rule all the people of the world. The house of Israel would be the head and not the tail among all the nations of the world.

This large body of people travel across Europe and settled in the coastline of the land and the Isles at the extreme. The ruling class was to settle in the British Isles and from that location they would spread out to form a commonwealth of nations that the sun would never set on. These people were to settle in a land that God had told Nathan to tell King David that he was going to give him a place where he would never be bother by his former enemies. That the people of God would enter into a rest that was of him. David was given the promise that there was always going to be one of his descendents ruling over his people. It was known as a salt coventent. The people of God can be located with someone ruling over this very large body of people who were to push the natives to the corners of the earth. The people of God were to be a mighty navy ruling all the gates of their enemies and that the wealth of the world would flow into their cities and the people world be blessed. These same people would loose their identity and not be known as the people of God. They would forget the ark of the coventent and the temple. At the same time that they lost their identity, they would also loose their desire to worship idols. These same people would come to be known as the

Stone kingdom that would become symbol of the kingdom of our Lord.

The stone that Jacob slept on in the dark Palestine desert that night was the stone that would be taken with them as they traveled down to Egypt and out again. Jacob had declared that this stone was the House of God, or Bethel. It was the stone that would provide water in the desert. This is the same stone that Jonah tried to travel to when he took a boat ride. He booked passage for city of Tarshish. The word has never been translated in English for it means, “the location of the stone.” There are several places that Jonah could have tried to travel to, one in Spain and the other in England. Both places are where the stone has been or now is. The stone traveled to Spain where it stayed while the daughter of the king was married off to the Miliasian king before it was uproot and taken to Ireland. It was to be the first of three overturns of the kingdom until it came to be the property of England and never more be overturned until it is his whose right to rule is crowned over it and he assumes the kingdom to rule through out the ages, It will be Jesus who is crowned over the

stone of Scone. Jesus has never been crowned king over all the Hebrews, the people of God.

The House of Israel is settled on the perimeter of the Assyrian kingdom where they lived in their own cities and kept their own laws. They were excellent horsemen and archers. They helped to bring down the Assyrian kingdom when the time arrived for the Babylonian empire that was to rise on the world stage as the first world empire. By this time, the House of Judah had been taken captive and moved to Babylon with the things of the temple and the king's daughters. After several king changes it is time for the house of Judah to return after 70 years to the city of Jerusalem, which was in the hands of the ruling ethnic Jews. Upon arriving in the place to build the new temple, the ethnic Jews were to cause the Hebrews much trouble for many years to follow. These same ethnic Jews would still be ruling when Jesus would come on the scene about 500 years later. They would conspire to kill Jesus and get the gentile empire ruling over them to execute him. For the next 35 years, these same ethnic Jews were to be in power in the temple and rule over the Hebrews. In the last days of time, another group will arrive to become the ethnic Jews

of the last days who are not the people of God. They will cry that we are the people of God but alas look at them for they also fail to qualify as the people of God. They are still conspiring to kill the people of God at every turn. The unrighteous nations of the world have been deceived and have accepted this group of ethnic Jews to be the people of God. The House of Judah was joined to the house of Israel and they became one people in the hand of God. They were to share in the blessing that God was going to provide his people. God still sees them as two people even after they have appeared to lose their identity. God promises in the last days to make a new covenant with the House of Judah and the house of Israel. The new covenant was not promised to any other people or group of people either singular or plural group of religious people who chose to serve God. His signature on his people would be that he would in the last days pour out his spirit on his people, the whole house of Israel as was promised by the Prophet Joel and that they would talk in new language and do many things.

I have brought you to the place that the people of God are now located in a locatable place and that they are ruling just as was

promised to Abraham, Isaac and Jacob. That he would be there, God and those they would be his people known as the people of God. However, wait we know that these people were rejected and to be known as not the people of God where then did the change take place and when did the change take place.

Looking in the book of Isaiah, we look at four chapters that should have been all been included as one chapter so that the context of the first verse of the 50th chapter could be connect to chapter 55 and all in between. In verse one of chapter 50 we find that it is the Lord talking and from there to the end of chapter 55 he is still talking about the same people. The Lord asks the question where is the hand written document that I gave your mother for a bill of divorcement. We know from the previous material that it was the house of Israel that was divorced from God and sent into the wilderness for 2520 years for worshipping their god Baal. God is asking so that he can buy her back and take her home and love her, God is telling what is going to happen to him in the process of paying the price to buy back the divorced wife of her youth. In the book of Ruth, we can learn of all the requirements that there is to making a redemption of a lost

inheritance. First of all one must be related so he is entitled to make the offer to buy back that which was lost, Two he must have the means or be worth enough to make the purchase. Three he must actually have to make the offer to buy back the inheritance that was lost. Four he must actually make the purchase. Fifth he must be recognized as having made the purchase, In chapter 50-53 we see that it was Jesus who was going to make the purchase and that he was the price to redeem the lost sheep of the house of Israel that has gone astray and belongs to another. Jesus was going to heal the house of Israel of their idol worship, which was described as adultery. By his strips they were healed Peter was to go on and say in the second chapter when talking to those scatter abroad, It was only to the house of Israel that had been lost and had worshiped idols that Peter was talking to. The gentiles had never been found and claimed in the first place and had never been known as the people of God. They were never entitled to be redeemed.

Jesus was God secret that had been kept for all the billions of years until the appointed day that God became man and dwelled among us. Had the rulers of the day had known who he was they would never

have killed him. The ethnic Jews of Jesus day were crying we will kill him. They conspired and through a false trial, he was to be slaughtered by the fourth ruling empire that had been promised by Daniel. The Roman tenth legion carried out the slaughter of the lamb that was slain from the foundation of the earth some 14 billions years before.

Jesus had been ask by his father to go redeem his wayward wife and buy her back and take her home and love her. God the Father said that if you go and do this that after three nights and three days in the grave I will stand you up once again to be with your people before I bring you back to rule with me forever. Jesus made the trip to Earth to be born of a virgin and live as a man child related to the fallen wife, the lost sheep of the house of Israel. He grew in wisdom and stature. He left Palestine and went to live with the people of his estranged wife in the Isles of the sea. He traveled with his great uncle Joseph of Armethia who was minister of mines for the Roman government. Joseph was owner of the mines in Ireland and Cornwall and had a fleet of ships that carried tin to the Middle East for with it there would have been no great cities around the great sea. It takes tin to convert

copper to brass that can be used for tools and other implements and utensils. Joseph took Jesus to the Isle to be educated naturally and to learn of his people and where they were. For when Jesus spoke to his learners to go to the lost sheep of the house of Israel not a one of them ask, who are they and where are we to go? They must have understood who and where the lost sheep were and where to find them and take the message that they could once again be married to the Lord. Jesus drove the last peg in when he declared that he came only for the lost sheep of the house of Israel. After some delay he gave it the final blow, when he said to his learners that they were to go into the whole world to find the house of Israel among the gentiles where his father had hidden them and to find them and to teach them and baptize them in the name of the Father and the Son and the Holy Spirit teaching them all things that I have told you. These learners went fishing and hunting among the gentile nations to tell the people the good new of God that they could once more be married to the Lord that he had saved and redeemed them. That he had died to fulfill the law of divorcement, that one of the partners of the marriage had to died to release the other to remarry. Otherwise, it would be an

abomination before God. They could now be called the people of God.

The people of God have never been lost to him only that they would lose their identity. They never married among the unrighteous gentiles. They carried with them the law that they were to never marry out side of the extended family into the unrighteous gentiles of this world. All of the house of Judah are Hebrews but not all Hebrews are of the House of Judah. The Hebrews were never the ethnic Jews of the first and seventh century and on to the end for God knows who his people are and will not lose a one. It has never been an identity movement with God as to who are his people and they will rule the whole world and push the people to the end of the earth. It will be the unrighteous gentiles that will cry as did their fathers, "I will kill them."

As to those that do not know and do not want to talk about the house of Israel it is because, they do not want to read the text and look into the facts of history. Those that look and listen can clearly find the details of the people of God and their travels and conquest. Just as Jesus said some, have eyes to see and ears to hear but of the

others, he did not want to heal them and convert them. He went on to say let the blind lead the blind and they both will fall into the ditch along the road that they must travel. The leaders of the blind are false teachers of which Jesus warned us that they were wolves in sheepskins.

When reading always be sure to check your author to see if he has the mind of Jesus or the voice of the dragon. For I have repented and confessed my sins and I will arise and be like God. For it the author puts down the people of God, read and go on for he will show his color before long and you will set that material aside as not of God and his people.

Jesus never planned for the church to be part of his plan to find and locate the lost sheep of the house of Israel. That word does not exist in the Greek language and it was added at the convenience of the translator who did not understand who the people of God are and where they are and that they were already the righteous people of God from the beginning. The church has grown into a thing of its own outside of the biblical text. The gentile religious princes' of this world

created it. To the most part, the church rejects the teaching of the lost sheep of the house of Israel for all of the reasons that were mentioned in the opening paragraphs. One can only conclude that the church has rejected the people of God. All the promise to the House of Israel has not been transferred to the church. It will come as great surprise to all false teachers who claim to be the voice of God who speaks from the word of God with their own translation and meanings just as the Sadducees and Pharisees who being ethnic Jews of Jesus day's here on earth. They conspired to kill the Lord of Glory just as the church does today to deny that the people of God are only the house of Israel whom he says he came only for, paid for, and is going to take home and love. The church has distorted the facts of his redeeming to that of anyone who wants can be saved and goes to heaven by their plan that has been laid down for lo these many centuries. The whole biblical text is written only to the righteous people of God known by the large group name as Hebrews and subdivided down to the 12 tribes of Jacob. God knows where they are and he will reveal them in the last day in a great show of power when the last great battle comes when the all the unrighteous nations of the world come against his people the house of Israel located in

the place that he said that he would give them to rule the world from. The church will be just as surprised that they to are part of the unrighteous nations of the world who want to deny the house of Israel the right to rule the whole world. The church has set itself up to go into the end of time to rule the whole world as the Saints of God who were called from the foundation of the world who made the decision to chose Jesus. Nothing can be further from the truth than the church is God's masterpiece to show off to all the unrighteous nations of the world. That the church has been assigned to go to the gentiles nations and make converts and bring them to the knowledge that they to can become like God by just making the decision to serve the Lord. Just as Jesus said lest they believe and I have to convert them and heal them. If one is not a Hebrew by natural birth then one can expect that they are in the excluded ones who have the curse of death and destruction. It is all by race and out of race came grace.

That in you shall the nations of the world be blessed was the promise to Abraham. The message of the church is that Jesus is this blessing that all the nations of the world will be blessed with. Not so for we see that in the book of Ezekiel that many nations are going to be wiped

out and destroyed. Oops, they did not get the blessing of Abraham. Oh wait a moment it appears that the multitudes of Gog are just wiped out they to must not have gotten the message of Jesus. Or did you forget that God is going to call for arms against the mountain of Esau. Talk to me of Ethiopia and Egypt, which he gave for his people Israel. Something seems to be in error here. Either the message is wrong or the messenger is wrong. Nothing can be further from the truth. The message was that all the nations of the world will be bless in descendents of Abraham. The message that Jesus is the blessing just does not work. But what does work is that the people of God when they come into the place that God gave them and they are settled. They will show forth the knowledge that he has given them when the industrial revolution was to open up with the printing press with moveable type to the great breaks through of science between 1835 and 1935 when all the great inventions came into being and the rest has all been improvements of engineering. Search the files for your self to see who has received the multitudes of awards for scientific break throughs. (See "List of Nobel Laureates) The majority of the prizes have gone to the people of God. The unrighteous nations have done little to improve the standard of living for the

people of the world or to change the health of the people of this world. No great break through in vaccines came from the Middle East or Africa. No great earthmoving equipment to change the shape of the world we live came from those unrighteous nations of the world. They have a spy system to search and copy the ideas and achievements of the people of God and take them home to be copied. It is the blessings of the people of God that have been taken to the dark corners of the world. The dictators and rulers of the unrighteous nations have brought death and destruction of the world's great libraries and learning centers and it continues to this day. The unrighteous nations of the world do not want to educate the females of the family or allow they to vote or to be a witness in a court of law. The righteous family of God brought liberation to the women wherever they push the natives to the end of the earth. Even today, it is the people of God that bring learning and knowledge where ever they travel. Examine for your self the advance of health care and their show it to the unrighteous how to grow food and cattle to feed their people. See how it was that the righteous people of God brought canals which move water to be used for irrigation and the increase in the production of food. Look who dug the great water ways across the

burning desert of Egypt or through the mesquite infested waters of Panama, Go read of how the island nation of Madascar that was brought into production when all else had failed. All of this was accomplished by the righteous people of God who brought the blessing of Abraham to all the nations of the world, it was not the African that produced the printing press to allow God's word to be taken to all the nations of the world and allow education of the masses. It was not China that produce the first steam engines to power all kind of devices to reduce the work load of the working man from great steam liners or the humble one cylinder that powered things to reduce the workload of the working wife in the house. Look and see how the women of the world are working in the houses of today. Russia did not bring forth the great automotive break through of the early 1900. Where are all the great universities of the world today, are they in Japan, Korea, China or Africa, or Russia or the Middle East. Where are all the great libraries of the world? Do I need repeat all those nations again? For example find me one that a school girl of 12 that can read the writings of their nation a 1000 years ago with full knowledge as it was written except in Iceland where they have had the same language for over a 1000 years about the things

of God. Look to see what the focus of writing and of law that was based on God's word and is still in use today. It is only the righteous people of God who brought a blessing on all the people of the world. You should be asking by now, "How and where can I locate them?"

First, they have to be a population group as the sands of the sea and the stars in the heavens. They must have a direct descendent of David ruling on a throne over them. They must be a mighty naval power controlling the gates of their enemies. They have never been total defeated in battle. They must have a history of pushing the local natives off their land and dwell in their cities. Wherever they live, the land has to be productive and the people are to become wealthy. They must have control of all the gold and silver in the world to a large part. The wealth of the world will be brought to the cities of these people by kings and queens of other lands. These kings and queens have to be their nursing mothers. They have and will continue to push the nations of the earth to destruction if they fail to recognize their place in this world. In these last days you make your choice as to has the wealth of the world and who it is that directs the nations of this world to do as they say or they will be destroyed or annihilated. And some have gone through this process more that

once. Look to see if you can find a commonwealth of nations and out of them comes one that is greater than the commonwealth itself. Check the biblical promises and then locate the nations that fit the description such as what nation land was sucked out of the sea? What nation is known for its pastries called cookies? The clues are many and the choices are few when locating the people of God. To count them all would be to have a number so great that it would be hard to understand.

This is not meant to be a full and complete account of the people of God for if every stalk on earth was a quill and all the oceans were ink and the sky was your paper. You could never write of all the things that God has done for his people and what they will do for the thousand of years that they will serve him. I can only hope that this has removed the fog on your glasses that you might search the records of time and follow the people of God from their humble beginning of one man and one woman to become a people that will fill the whole earth to rule over the unrighteous people of the earth. Do not be scared to enter the darkened halls of learning and to disagree with the voices that cry, "Kill him." I can only tell you from

experience that the road you will have to travel will be out side the masses and you will have to walk alone. The message that the house of Israel is alive and well and ruling under a descendent of David is not at all received. Let God share with you the knowledge of the House of Israel and as your knowledge increases, the size of your list of friends will decrease. The way will seem so dark but it will have it moments that truth flashes as a diamond in a beam of light in the darkness and all the colors of God's plan will shine forth to you. It will take time for the baggage of the world harlot's church system to crack and fall away for it has been hammered into you with the force of a pile driver from your youth. Most of the writings of the church fathers are wrong, for they failed to recognize the House of Israel as God's only people because in most cases because they were not one of them. It was the princes of the religious world that formed the harlot church. It will take time to break through to the wonderful truth that the House of Israel is the people of God and they have never been lost to him as he now reveals it to you. The biblical text will never again be seen as it once was through the eyes of the harlot church as it once was explained to you. The picture that I have shared is only a thumbnail sketch of a picture so big that the eyes cannot see it all at

the same time. The things of God are so big that the mind of man cannot fathom what he has in store for the people God in the future. It would be my hope that you can see the heritage of the people of God and that you can enjoy all you learn of them. For the House of Israel will be ruling throughout eternity over all the unrighteous descendent of Abraham and of Noah.

The Hebrews, especially the House of Israel are the only people of God and he will be their God. Only House of Israel has he has saved and redeemed. Never has a gentile been converted to a Hebrew, never has a gentile been saved.

Look and listen to see if you can hear; Look and see if you can see what the Spirit of God is saying: To his people and what he has planned for them.

**Look and see and Listen and hear and Learn.**
