# The World Plan of the Ages

By Gerald R. Collins

The world as we know it is not a piece of space junk orbiting the sun on a precise orbit so that we can survive the trip around the universe. The earth was created as the center piece of God's system, there is no other place out there like it. It is the only place that he created for the Adams to live whom he created at later date. This world has been through several cataclysms that have cause massive destruction and a changing of the way it looked than when it was spoken into existence from nothing. Some day in the future he will once again speak and rearrange it again. At the present time it has grown old and is in need of a change. The world has survived the fall of Satan from the place called heaven when he brought one third of heavens messengers with him to earth. Being corrupted from his original state he brought chaos to the world when he arrived and re arranged all things. Satan became the supreme world leader in an uprising to take over God's empire. He will be in charge of this world for yet a little while then he will be taken captive by a lone angel and be restricted to hell for one thousand years at which time he will be released and make his last attempt to take over the world. He will go

immediately to the place now called Russia and raise up leaders and make another attempt to go down to the middle East with a large group of insurgents to take control of Jerusalem in the land of Palestine. At that time God will rain death and destruction on the earth and Satan and all his ill chosen cohorts will be taken captive and be cast into a burning lake for eternity where he will never die but will suffer being separated from God.

Satan has known the sentence of death ever since he made his first attempt to rise up and be like God. God has given him plenty of time to let him show off his vile nature and it has not changed from the first fall. Satan at the present time is not limit to the surface of the earth for he still goes to heaven on occasion to be confronted by God and to make accusation against the people of God here on earth. The plan for the people of God was laid out before the world was spoken into existence and it hasn't changed in all this years. So God then gives Satan small allowance to see if his people will change their mind, it always fails and he is defeated again.

So when God said to God let us make Adam in our image it will bring the final demise of Satan in the end when he is bound in the lake of fire. It was to be the Adams that were to cause this. So God made a women out of the rib of the Adam that he had made from the dust of this world. It was she that appeared to have doomed the families of the Adam to suffer, God gave them time to express their real attitudes toward him, and murder was introduced into the world, and all the would suffer because of it. God let the families grow and multiply here on this world, which was different than it is now. At that time the fallen messenger lived here on the earth and they could be seen and some even married the daughters of the Adams, producing a super race that could never die but at the same time revealing their knowledge to the Adams, on how to both to use and destroy the place that they were living in. It became unbearable to God to see that his creation had so become like Satan by all the evil and unrighteous things that they were doing that he chose the only one righteous man and his family to built a large boat, known as an ark to survive the coming disaster upon the earth. Of all the millions who then lived, only eight people were able to survive the cataclysm. All things changed from the air around the earth which had a protective ring of water, to

protect them from the effects of the things in space, to the earth below, the under water bodies broke forth and flooded the surface, and adding a lot of water to the oceans. The world wide flood changed the world as it once was. God also changed the things on the surface of the earth. The animals before the flood were not afraid of the Adam family members, but now they feared them. The animals now eat meat including the Adams if given a chance. One of the biggest changes was that the fallen messenger who before the flood were visible having a body and function as an Adam, now have to have permission of the Adam before they can move in and take over. What is amazing is that many of these fallen messenger which we now call spirits can dwell in the same body at same time. They still bring chaos and destruction to this world because it is their domain. The fallen spirits will be in charge until the end so they think, They still have to deal with God's secret plan that was laid down before the foundation of the earth was cast, it was kept a secret till the end of time when this present world has grown old and tired.

After the cataclysm of the flood, trouble began immediately in the household of Noah. He had a grandson that was born either on the

ark or during the first year after the flood. Now Noah having been saved as the only righteous man from the families of the earth that existed before the flood, planted grapes, made wine, and got drunk. His son Ham that had seen all these things take place was not righteous, as he seemed for he raped his father, then went and told his brothers that his father was naked. Noah upon awakening knew what had happened to him and he prophesied a curse upon the son of Ham, pronouncing the curse that separates that line of the family from the righteous line of his brother. They were forever cursed with death, destruction, and separation from God and the family. The curse was to cause the family to be servants of servants from point on. Little is said about one on the two remaining brothers at that time until we come to the end of days, when we find that God will bring them upon the land of his chosen people, and he will destroy most of the descendents with another cataclysm bring death and destruction. Only one brother that was righteous. All the families of the earth have their origin in one of the four men that survived the flood, out of only one of the four was to come the people that God had chosen before the foundation of the earth.

God started over with one man, to begin his secret plan for the world. To reveal he was still in charge. Satan never quits his attacks on the plans of God. Satan was on the mountain of God in the beginning when the plan was conceived and laid out, and pronounced as good. Satan never leaves off trying to deceive God that he has control through his evil spirits that are in charge throughout the world. His first attempt to take control was through Sari, which had a Canaanite handmaid. Sari suggested to Abraham that he should produce an heir through her handmaiden. Abraham fell for the trap and produced an unrighteous heir of his Canaanite wife that he now possessed. The child was not part of God's secret plan that a righteous heir would rule the world. The descendent who was yet to come was to rule over all of the unrighteous descendants in the world. God now had to execute his plan right on time to bring forth a righteous son of Abraham's wife Sari. With the birth of the righteous heir, the unrighteous son began immediately to display his true nature by making fun of his younger brother, the righteous one. It came to the point that the first-born son could no longer be tolerated around the family estate, and it was necessary that he be removed from the premises. He and his mother were sent away, and to begin a long line of unrighteous descendants.

Abraham was the father also of the unrighteous family, but they were not part of the family that God had chose to ultimately rule the whole earth. Satan seeing he had been deceived again took the next opportunity to set up another plan to try to take over the whole earth to rule for him. Satan waited till Sarah had died and was buried. Pulling the switch to start the next phase, Satan presents the most beautiful women of the Canaanites to Abraham. He couldn't refuse and marries her, being old he still had the stamina of a twenty year old. Abraham produced six more sons of his new Canaanite wife in about ten years. Now it came time to dispose of the things of Abraham. All of his wealth went to the righteous son, he gave gifts unto the sons of the Canaanite women and sent them away. These sons of the Canaanite women were to bear the same curse, which had been given in the beginning, right after the flood, when their great great grandfather had raped his father.

Now Satan uses every opportunity to thwart the plan of God but he waited until the next generation two down. When Jacob had impregnated the widowed wife of his son, she produced twins in the womb. The two children began the fight immediately. God, who is watching over his secret plan that was going to have his people rule

the earth. God went to the mother to be and said; she had two kinds of children in her womb. Satan not to be detoured grabbed the older son while he was still in the womb, and set forth a plan to take over, having him to be the first-born. The one having the rights to receive the birthright and the right to rule. Not to be out done, God told the mother that the older son should serve the younger son. God sets in motion the things around the family; the father is about to die. Isaac sends his older son to get some meat for the stew he likes but alas the wife takes things into her own hands, setting in motion a plan to over. The wife plots and lays out a plan to deceive her righteous husband. She had the younger son dress up to look and smell like the older brother, who is out in the woods looking for a deer to kill. Instead, she kills a kid and makes stew to deceive the old man that is dying. The younger son takes in the stew, being dressed to deceive his father. His father checks him out by feeling and smelling him, takes the stew, and blesses the younger son with the birthright. When the older brother comes in finding out that his younger brother has the blessing, he also is tricked into sell the birthright to his younger brother for a pot of stew. God's plan is back on track, he knew all the time what was to happen. The older brother realizing that he has lost

ever thing, including being rejected from the righteous family. Now goes out to the first son of Abraham, and gets two wives from the unrighteous family, because he knew it made his father unhappy and he would be displeased. Thereby demonstrating his unrighteousness, by marrying the two women. These marriages produce a whole family of unrighteous people. God rejects the unrighteous families until the end of time. Where upon he will destroy them with death, destruction and rejection.

In a side story there is another event that begins two more lines of unrighteous people, which God will reject, and give them death and destruction also. The nephew of Abraham, Lot was to have remained behind in Ur of the Chaldees, had tagged along when Abraham's father, brought them out of the land of Ur. Satan sees the state of affairs and therefore makes it easy for Lot to become wealthy, and his herdsmen content with those of Abraham until they have to be separated from one another. The herdsmen are unrighteous also. Therefore Abraham and Lot separate, Lot takes the best land and settles in one of the most unrighteous places there being. Sodom and Gomorrah, where the most depraved things took place between men.

The cities were so evil and bad that God had to destroy the cities and all that was in them with death and destruction, by bombing them with burning sulfur bombs. However, because of the righteous man Lot, God went and told Abraham what he was going to do. After some negotiations, God agreed to save Lot and his family. Satan had entered into all that was going on in Sodom and tested the wife of Lot, who must have trained her daughters well. When the deliverance came, she looked back and was destroyed. Now the two daughters were not so righteous, upon arrival in the cave with their father, they had a sisterly chat to see what to do about preserving the family. Satan was available to help them conceive a plan to get their father drunk and sleep with him. The first night, the older sister and the second night, the younger sister. Now poor Lot could not hold his liquor, and he got stoned out of his mind, to the point that he did even know that he was having sex with his older daughter during the night. The younger sister seeing the success that the older daughter had, she to gets her father stoned out of his mind on wine, and she also had sex with her father. Both girls were successful in getting pregnant in an one night stand with their father, and each produced a boy, God rejected both of them because of the insect, and they were

added to the unrighteous family lines which had been begun in previous generations.

Now while Sodom and Gomorrah is burning, forever changing the landscape by the Dead sea area to the point that it nearly impossible today to find the remains of the city which was located there.

Jacob, the only remaining son is not one to be left out and with the help of Satan entering into the plan to once more make a move to take over the ruling of the world. Satan is going to loose in the last days. When Jacob goes down to work for his uncle, he unknowingly enters into a plan. that was hatched years before by tradition. Jacob works away for seven years to get the princess. The one he wanted for his pay. When the day arrives to get the princess for a wife, his uncle kicks in the Satanic plan to deceive him on his wedding night. The poor boy awakes in the morning, rolls over and looks at his new bride with the rising sun. What is this? I have been deceived. I got the ugly one. He goes into his uncle's tent confronting him, his uncle explains that the traditions is that the older daughter has to be married first. You will have to work another seven years to get the princess. During the next seven years God enters into the shepherding of his uncle's sheep, and he makes Jacob rich with all

the off colored sheep, by genetic maneuvering when breeding the sheep. The day comes when Jacob gets the princess and heads out with the two women with all of his off colored sheep including two handmaids. This Jacob is not known for his restraining himself with all of these women around house, he produce 12 sons and one daughter. The righteousness of him now spread across all 12 of the sons. These sons become the head of 12 righteous family lines. As you can expect the 12 sons do not look alike, for they are born of four mothers. Now these sons learned well from their father, and produce in a short time, 56 grandchildren for Jacob. Satan hatched another evil plan that the brothers were to kill their younger bother, Joseph, who is loved of his father. God is working all the time getting things to be in the right place at the right time. When Joseph goes out to check on his brothers, who are herding the sheep in a distant land. The brothers execute Satan's plan, and throw him into a pit to let him starve to death. One of the brothers repents for what they have done, and returns taking him out of the pit. God kicks in his plan, as some Bedouins going through to Egypt, the brothers sell Joseph into slavery. The merchants continue on to Egypt with their new slave. Back at the pit there is another Satanic plot hatched to deceive their

father by tearing up their brother's multicolored coat and dipping it in blood. to make it look as if he was killed by the wild animals of the desert. Everything is on course now for Joseph is headed to Egypt, to become the second in command of all Egypt. Joseph marries Asenath, the daughter of On, the priest, and she bears him two grandsons to Jacob. All the righteous people are now in place as God had told Abraham, his descendents would come out in the fourth generation after become slaves to local unrighteous people. They would be there 230 years.

Judah, the son of the ugly wife Leah, is not so righteous, with Satan's help to conceives a plan to displease his father. For he knows he is not to marry a women being a Canaanite. He is to only marry within the family clan. He was instructed to stay away from the beautiful unrighteous women that lived around him, Knowing that it would displease his father he went out to his evil uncle and took a wife of the Canaanites. Judah produced a family of two boys and a girl. Now the boys were so evil that God went down himself and killed the older boy, which had married. The second boy was to go into the widow and produce a heir for his older brother. But in having sex with his

brother's wife as the tradition, instead he spill his sperm on the ground and that made God mad as there was no righteous heirs to continue the secret plan laid out years before. Now God set in motion using his back up to have the righteous family continue. Now Tamar the widow of the oldest son had conceived a plan. It is hard to see how this would be in the plan of God. God let Satan enter into the mind of Judah while he was going up to shear sheep with his friend, He saw a women along the road dressed as whore, and he goes in for a quick one during the long trip to shear the sheep. Now he paid for it with his signet ring and went his way; thinking nothing more about the quickie except to ask the local men about the whore along the road upon his return. The men replied that there was no whore working along the road that they knew of. Judah was unable to redeem his signet ring. Now about three months pregnant, it is reported to Judah that his daughter in law was pregnant with child, what else would she be pregnant with? Judah calls her in and is going to have her killed for having sex. Where upon she presents him with the ring saying; "whose is this?" He recognized that it is his own signet ring and declares her to be more righteous than he is.

God now has his plan back on course. Now Tamar was pregnant with twins, which twins are to become the head of two ruling dynasties of the righteous people of God.

In just a few years there is a world wide famine that forces Jacob and his 68 family members to go down to Egypt. While in Egypt the families become slaves in the last of the 230 years of their bondage. Upon their arrival Joseph sets them up in the best of the land where they become shepherds for the king, They become wealthy and multiply to become a great multitude so much so that the king is afraid that the people of God are going to produce a coup and an insurrection and take over all of Egypt. So instead, the unrighteous king puts them all into slavery to himself.

Now the son of Jacob, called Levi, gets married and produces a family. His grandchildren are Aaron the oldest, then daughter Merriam, then Moses. Moses gets to ride in a small boat before discovery by the daughter of the king. Seeing a beautiful baby boy, she keeps him for herself. Another part of God's plan kicks in and the older sister of the baby rushes to the Egyptian princess and asks her if she wants a wet nurse to feed the baby and raise the baby for her.

Moses' mother raises him in the palace as an heir to the king. Now his mother trained Moses that he was one of the people of God. When the time came, he turned down all the wealth of Egypt to be like his real brothers and sisters. Now the plan of God was on track, while being raised in the palace Moses learned all the wisdom of Egypt. If history is to be believed, Moses became a general in the army of Egypt, where he learned the art of moving around a large number of people and to be able to travel across the Sinai desert. It is reported that he fought in the south of Egypt with the unrighteous people there, the Ethiopians. He kills an Egyptian, and buries him in the hot sand then flees for his life into the desert. Where Moses meets maidens watering their flocks, and they take home to their father. He marries and lives in the desert for 40 more years. The time is up and God has to get his plan going, so he shows himself to Moses in a bush that burns and is not consumed. Moses gets his marching orders and goes back to his home in Egypt to begin the process of redeeming the people of God from the unrighteous Egyptians. God declares that he made Pharaoh to show off his mighty arm to bring out his people. Moses was familiar with the palace as he lived there for forty years, before he was on the lamb for

murder. He goes into the new Pharaoh and tell him that he is to let the people of God go three days travel into the desert of Sinai with all their cattle and little ones to worship their God. Satan is not about to be out done, so he promise through the king to let them go, then he reneges on the promise and all hell breaks loose on the People of God. God fires back with a salvo of ten cataclysms on the people of Egypt. The people of Egypt have already lost everything, for all the land and cattle were taken by Joseph in an exchange for food to survive, and now all that is left is lost. After loosing his first born son and all the first born of all of his slaves and those first born of the cattle, Pharaoh figures it is time to call it quits and let the people of God go the three days in desert with there cattle and little ones. God put forth a secret to the people of him, they were to ask for the gold and silver and raiment of the Egyptians. The final act of God is to spoil Egyptians completely, for they had just lost all of their first born the same night as the king lost his first born, and they were more than ready to give up all the gold and silver and raiment. Now God was going to really get even for all the years of slavery of his people. God told Moses to tell the people to put all the gold, silver, and fine clothes on the children, and dress them for departure out of the land. Having

insulted the Egyptians, the crowning part of God's plan was he would heal all the Hebrews; there was not a sick or feeble one in all the people of God. Moses harness them together in groups of five and started the three day journey across the burning sands of Sinai, beginning the travel to a new land that God had prepared for them. It was to flow with milk, honey, and all the provisions of God. Satan not to be out done, he changed the mind of the king. The king realizing that these people are not coming back. The king then called up all the elite armies of Egypt with their chariots and weapons of war to chase after the people of God, who had a three-day head start. The king and all his armies catch up on the waddie on the shore of the right hand branch of the Red Sea with Sinai desert on the far shore. Seeing the impending disaster for the people. God has Moses strike the water. God rolls back the waves and the people of God crossed on dry land. When they look back, what sight they saw. The Egyptian army was in full pursuit when all of a sudden the angels of the Lord God began pulling off the chariot wheels. Then came the claps of the giant waves on both sides of them and were all drowned in the flood of the Rea Sea. When God saves his people out of a time of punishment on the unrighteous people of this world he brings his

people out unscathed and richer than when they came down to Egypt for food some 230 years before. Egypt has been completely destroyed and it would take centuries before they were to partial recover from the ten cataclysm having just taken place.

The people of God were on the move to become the world rulers over the unrighteous people of the world. God had one final act to perform before they could really begin the secret mission that they had been chosen for. God calls Moses up to the top of the mountain where he told Moses that these people are my people and I will be there God. That has never changed, and the people of God began the long journey to the place that God had prepared for them. No it was not in Palestine for it was only a stopping off place for a few years before they began the journey to their final resting place to finally be the people of God that he had prepared them to be.

Every Hebrew girl looked forward to giving birth as a virgin to the coming redeemer. Each girl thinking, that the one that was to come shall restore the kingdom they had lost. God next executes the secret weapon of all plans against Satan. These people were to be known as the wives of God, and that he was married to them. In the course

of time these wives went into what God call prostitution, which is to worship false gods, that are not gods at all. These idols are made of wood and stone, which can never hear or talk. All of this cause God to become angry so he made a hand written document divorcing his wife, the older of the two sister and sent her out in the wilderness to regain her strength and become a mighty people, filling the whole earth. God hid the people of him among the unrighteous gentiles of the earth. They had to serve a time of punishment of 2520 years for their own unrighteousness. They were on their way and the greatest part of his secret plan was, he was going to send his own son to be come kinned as one of his people. His son, who was worth enough, was going to be the price to buy the wife back, and take her home and love her. He arrived in the night, and it was announced to his people, who were out herding sheep. Satan seeing he had been upstaged, set out to kill the young child. As when Esau lost his birthright, responded, "I will kill him." The same unrighteous people head by the King, an Idumian, wanted to kill the child when the child was about two years old. The message of Esau is with us today in the message of the ethnic Jews and the unrighteous nations of the earth.

God warned the husband of Mary his mother, to take him down to Egypt to stay for a while, and he would be called out of Egypt to begin the next phase of the secret plan to get back the wife that he had lost. The young boy Jesus grew to be wise. The young boy then traveled to the Isles with his great uncle to the place where the people of God were living. Jesus stayed about 21 years before he returned to his homeland. He had lost his citizenship and upon arriving, he had to pay a foreigners tax to the local collector.

Now when Jesus went down to the river Jordan to be baptized of his cousin John, to receive the anointing from his father. The Anointing was made known to all the people with the sign of the pigeon descending from heaven and lighting on him. The Father of him spoke from heaven say; "this is my beloved son hear him." He lived a life of preparation for the day that he will be slaughter as the lamb from the foundation of the earth. His dying was to be the price to redeem his fallen wife of her youth. Jesus made it known to his learners that he came only for the lost sheep of the House of Israel. The learners knew from scrolls that the lost sheep were the children of God who had been divorced years before. The local unrighteous ethnic Jews conspired to have him kill by the gentile nation ruling

over them. Jesus' father raised him up after three nights and three days in the grave of his great uncle Joseph; the tomb had never been used before. The secret plan had been executed and carried out by Satan himself, for had he known, it was the son of the Father in heaven, he would never have had him killed. The plan was going forward just as it had been planned about 14 billion years before.

Jesus told his learners from the house of Judah. The learners were to go into the whole world looking for those lost sheep of the house of Israel and give them the good message, they could be remarried to the Lord; as the people of God, that they really were. Jesus told them not to go; to the gentiles, the people known as ethnics. They were not to go to the place where the People of God had lived in Samaria, before they move to their present location, Neither were the learners to go to Jerusalem, where the ethnic Jews were in control of the temple, and the ethnic King, controlled by the gentiles ruling over them. These learners never even questioned Jesus, when he said to go to where these lost sheep are, for they must have known the location where they were residing. God had to pull off a mission to get one known as Saul of Tarshish who was to become Paul and send

him on a mission through all the Asian countries, and those countries along the trade routes of the Great Sea, to the cities of Rome, Gaul and Corinth.

All of this has been written that you might know who the people of God really are. For it is a group, that one can never join by choice for the only way is to be born from above into the Hebrew race. The Hebrews have now settled in the place that God told David through the prophet Nathan, he was going to give him a place where his former enemies will never bother them. After being saved, these people are promised, they will never be defeated in war and destroyed. These same Hebrews would be God battle-axe and war weapon to punish the unrighteous nations of the world and bring them to the place that he wants. God promise the fathers of the race that in the last days that there was to be two great nations in the world. The first was to arise and create a commonwealth of nations covering the whole earth. Out of the commonwealth, one family would escape over the wall, demanding more room. The ones that escaped the commonwealth would then become a might nation ruling all the water-ways of the world. The Commonwealth of Nations would control all the sea gates of their enemies and controlling the

merchants of this world. These two great nations are the people of God, the Hebrews, known as the House of Israel and the House of Judah, the righteous family.

Not everyone that lives in these nations are a Hebrew, as Jesus said when talking to learners, that Satan would sow wild rye in the place that God had planted the Hebrews. The unrighteous people, the wild rye, are sown among the Hebrews. The Hebrews are to rule the earth not because they want to, but because God said that they would. These Hebrews are to be a mighty military force, to be used by God to carry out his mission. The People of God were to become the Stone kingdom that began when Jacob slept on a stone pillow. That stone was to become the house of God as it traveled to the place where the Hebrews live. It was the symbol, God revealed to the King of Babylon, that same stone was to crush all the world empires that were to arise and help them depart the pages of history by crushing them. This same crushing is going on to day. Whenever God is ready or those unrighteous nations crosses the line drawn in the sand then he calls for a weapon against them, to bring death and destruction to them.

The reason the whole world hates the USA and Great Britain and northwest European nations because they are the people of God whether they know it or not. The House of Israel is an instruments in his hands to bring the unrighteous nation to their downfall. The nations of the world may conspire to bring these countries down but in the end, it is the unrighteous nations that God is going to destroy. He has hated them from the beginning. In addition, for the things they have done against his people. The United States of America is not a great empire because they want to be but because they are God's great empire and he is in charge. The entire world hates God and his ways as they have from the foundation of the earth, as they are the unrighteous nations.

Talk of a super power. If you take a quick trip around the world to all the central banks of the world, and add up all the gold that each of the nations has. Then finish off your trip by going to America and to the location where the gold is kept in Fort Knox, and go to England and get that number and added to that of America. Having the numbers, it will quickly bring you to the conclusion that America is the

only super power of all the nations of the world. The rest are paupers in comparison. God says, "that all the gold and silver are mine."

Why then if you are a spy for all these unrighteous nation trying to steal the knowledge of the USA and Great Britain. The knowledge stolen is only copy of the knowledge that God has given his people. These spies return the knowledge stolen to nations that they work for. They can spend all the money that they have just to try to catch up only to find that they are still on the back of the wagon. These nations of the world don't realize that the best spy of all, hears everything they are planning and has already laid the battle plans to defeat them at every turn and be pushed to the limit to keep up.

God really must have a sense of humor, when he created the earth and spread out the wealth of the world's natural resources by place. The easy oil in the hands of the unrighteous nations of the earth. The nations having natural resources, For these nations to get anything, have to in turn sell natural resources to the United States of America and Great Britain so that they can get enough money to keep their welfare nations going at the brink of disaster all the time with the rise of one potentate after another. As each nation rise to threaten the

very existence of the righteous nations of God. At each turn, they are forced back to surviving off the land for their people. After the righteous nations have used up all their oil and natural resources in the end, it will be the House of Israel that will be ruling the whole world. America at the present time has enough oil shale to meet the present needs for the next 300 years when the time come God will provide the secret to extracting the oil from what appears as solid rock as he said, "they will suck oil out of the rock."

The greatest weapon of all time is going to be God himself, when he sets them up for the final fall. Russia along with the Persians and the Ethiopians and Libyans are going to be tricked into invading the nations without bars and are at peace. These nations will think a evil thought, those unrighteous nations that they are. They will arise and cover the land that was brought out of the wasteland. The land had never been settled and now posses much cattle and gold. These evil nations will plan to seize all and take it back home. Upon their arriving in the promise land, that God gave his people, surprise, God will reveal himself to the House of Israel by earthquakes, overflowing rain. Another words he is going to flood their underground cites and shelters that they have constructed to survive in. God is going to use

sulfur bombs to destroy only the unrighteous soldiers of those nation that come up against his people. He is going to cause the weapons to fall from their hands and every man will be against his neighbors, so in the confusion they will all be destroyed. God himself is going to see to it that 83 per cent of the arm forces are killed and push the 17 per cent back to the eastern sea or what we call Siberia in East Russia next to Alaska. It will take the House of Israel seven months to bury the multitude in the valley of Gog and they will name a city after them, the city of the Multitude.

Don't under estimate the hand of God to protect his people, he will use them to practice until the day of the final battle between God and Satan. On the terms of people, it will be the battle of the righteous people of God against the unrighteous people of Satan, Guess who takes the greatest lose. Now God exercises his trump card and he raise up from the dead all the House of Israel and the House of Judah to join those here on earth to rule over the entire gentile nations left on the face of the earth. King David will take the throne to rule over all his people. The unrighteous gentiles must send up a delegation once year to the city of God to pay homage and worship the Lord God.

Failing to do this will bring chaos and plagues to those gentile nations that are still the unrighteous people.

Within a short time after the resurrection of Jesus, the Anointed one, of the Father. The plan of Satan was executed, to build an organization, called the false church. The church has never been part of God's plan for his people. The Latin tribes of Italy began to build an evil empire centered in Rome. The Latin's were never a people of God; therefore, they had no understanding of the things of God and his people. So they copied the pattern laid down by the wife of Nimrod, Istar, it was to take the form of mother worship and all the mysteries religions of Babylon. So the Latin's changed the names to the Mother of GOD and that she had all power to go to God through the earthly head of the church the Pope himself. The church that owned the biblical text and only the Pope could order it translated and sent out. But the Pope and all of his princes are anything but godly, for they are not of the family of God, the Hebrews are. Their priest destroyed and burned the great libraries of the then known world. The church brought darkness to the world, as they fought over who would be the next Pope. The false church hated the phrase that is in the biblical text, "the house of Israel" and went about to destroy

and rewrite history. They wanted the bible to read with total disregard for the truth that they never possessed. God knowing all of this, went his merry way until it came time to start the revealing of the House of Israel to the world in England, Northwest Europe and America. God slipped in the invention of the printing press with moveable type in Europe. The first articles to be printed were the biblical text, so that the whole world could have a copy. The great translations to come out were not of Rome through the Latin Church but by the people of Northwest Europe and England, the House of Israel in their new land. When it came to making an English translation, the translator, who the years before were a catholic, all of sudden was a protestant. Therefore, the translator created a new language to translate the Greek text. It is a Latinized form of the Greek of the New Testament. In terms of language studies, it was known as the Holy Ghost Greek. Even with all of the errors that it caused, the people of God were able to break though and find the truth buried within the English. The translators, even today still use the errors introduced in 1500, because they do not want to reveal the truth of God's word, that he gave his people, that they could be once again married to him. The translators failed to translate many words and just plain changed the

meaning on others and other group of words they just did not know. But through it all, God has fished and hunted out his people, that are the chosen people of God, who will arise to rule the whole and be the head and not the tail.

The false church of today wants no part of the teaching on the House of Israel and the people of God. Moreover, the false church will give all kinds of answers, to show that they are not the people of God. The present day false church wants its members to go with the message that God loves every one and that his son died for the sins of the whole world. Nothing could be further from the truth, the message is; any who want to, can become as one of them, if they but believe in a whole list of things, that has grown longer with the years of time. God does not want everyone for his kingdom, some writers say; all of those that are rejected, after serving a time of punishment they will arise to be the people of God. That message is total wrong. The main purpose of the church today is to take the message to the whole world, especial those of Africa and the East. God's people were saved because of their race and not their believing. The Church today is in the busy of raising money so that they can increase the money that can be spent in an attempt to convert the

heathen gentiles of the world. There is no such thing as a Christian described in the bible that is not a Hebrew and of the House of Israel. Most of the teachers do not even believe what is written on the pages of the biblical text. For example, three of the New Testament books are address directly to the Hebrews that God had placed among the unrighteous gentiles. By the way, all the Books of the New Testament are written only to the House of Israel. It appears that the House of Israel has a special title in the biblical text. If you use the Greek text, literally it is "*the ones invited out of the gentiles nations.*" Not as the church says, it is a gathering of the people to worship. The same word that was translated as church, can be shown to mean; "only *The House of Israel.*" By the way the house of Judah has no need of a messiah or a redeemer, for they were never lost but remain married to the Lord through it all even to this day, There is no such thing as a messianic Jew who has accepted Jesus as his redeemer, for in all respects he is still an ethnic Jew. There has never been a conversion of a gentile into becoming a Hebrew, from the time of Calvary until these last days of time. God has given no options for changing from unrighteous gentile to a righteous Hebrew of the House of Israel and to join the family of the righteous House of Judah. In the last days,

God said that he would make a new covenant with the House of Israel and the House of Judah. No changes everything is remains the same, the Hebrews are still the Hebrews, the only people of God.

The message of the biblical text is that the house of Israel wins in the end and is not destroyed, for they are the people of God to rule the whole world. Now this message is not proclaimed from the house top or even broadcast on radio and television, but God has his way of getting the message to his people. All of the other groups, which are claiming the title; as the people of God. Who say; "is not Abraham our father also?" Yes, that true, but your fathers were rejected and sent away to have the curse of death and destruction. There are others who trace their so-called faith to the other descendents of Abraham but those also were rejected. There are other who make claim that they look like the ethnic Jews of the Middle East. Still others claim that a vision came to them and they are the people of God. All of this is false for God has only one people that came from the line of Issaac.

Lets examine what the people of God look like not in appearance but rather what do they posses and what to they do in the world today.

They must be a very large population group of people as the sands of the sea and the stars in the heavens. They must be ruled over by a direct descendent of King David. This group must be a powerful people that push the people to the ends of the earth, and move them all around. This same group must possess the sea gates of their enemies there by controlling the flow of merchandise to and from those unrighteous nations. The land of the people of God must be taken from the original inhabitants and push them off the land and dwell in their cities. The earth must provide them great wealth for the entire world to know. These people are to dwell in cities with neither bars nor gates. Find this group and you have found the people of God that were saved and redeemed by his Son.

All the unrighteous people of the world want to come to the place where the people of God are located and change their way of life and their language to the way they lived back home in the unrighteous nations of the earth. Look for a people who have a new language in terms of age but terms of control, they control the flow of merchandise throughout the whole world. The same unrighteous people from around the world who came from welfare nations want to come to where these people are and change the laws and vote themselves a

living by taking from the rich and giving to the poor, “them.” These same unrighteous people of Satan want to change the way of life that God has direct his people to live by to that of the heathen system that they knew back home, These same unrighteous people will get jobs as teachers and judges and change the way the people of God think about their God. They want to remove all mention of God and the Hebrews from anything in public life. The unrighteous people of Satan make no provisions for tomorrow and just live from day to day. They are going to die anyway and face death and destruction. They will tell you that you must provided them a living from the cradle to the grave by taking it from God’s people. It has been the same pattern over the years no matter where they live. This unrighteous people living among the righteous must be policed and be protecte from themselves.

China and Russia with all of their huffing, puffing and spitting and the making of threats to come against the people of God with those of the middle East, God says, “Lets get on with it and settle this matter once and for all; of who is going to rule the world.” Go ahead, you make the first move and make it good for it will be your last, Fake it to the right and to the left before you strike, and when the dust settles and all the

fires are out. We will see, who is still standing on the mountain of God in the city of Zion. The plan is laid out and he laying the bait to sucker you into the fight that you are going to lose. Play with bombs and God will bring in his big ones from outer space. He will change the length of the day to have only eight hours and freeze your fanny while you are waiting to find the target. Now if that is not enough he will darken the sun and send great chaos on the earth. God says.

“Go ahead and make my day!”

I am Elohim. The dual God. I was in the beginning  
and I will be Elohim in the end.
